- Strong attention to detail
- Good communication skills

SumMary

I am a frontend developer. I have been trained in the work process, teamwork skills, and have around 3 months of experience working on practical projects at FABA TECHNOLOGY company. I am capable of understanding specialized documents, completing assigned tasks well, and constantly improving my knowledge to excel. Additionally, I have received over 2 months of training in backend Node.js and can also work in the role of Backend Node.js.
